

WE'RE HIRING

PROGRAM FACILITATOR

We are looking for a Program Facilitator to manage and deliver STEM-focused educational programs. This role involves facilitating workshops, coordinating logistics, and ensuring smooth execution. The ideal candidate is proactive, organized, and passionate about advancing STEM education.

Responsibilities

- Facilitate STEM workshops and training sessions for students, ensuring engaging and impactful learning experiences.
- Coordinate program logistics, including scheduling, materials preparation, and participant communication.
- Support program development and execution by assisting with curriculum delivery and program-related activities.
- Monitor and track program progress, gather feedback, and ensure all activities align with educational goals.
- Collaborate with other team members to enhance the overall program experience and identify areas for improvement.
- Foster a positive and inclusive learning environment, encouraging active participation and engagement.

Qualifications

- Diploma or Bachelor's degree in STEM or a related field (or equivalent experience).
- Strong communication, organizational, and time-management skills with the ability to manage multiple activities simultaneously.
- Familiarity with STEM tools, technologies, and maker program methodologies is a plus.
- Previous experience in program facilitation, teaching, or training is a plus.
- Passion for education and working with diverse student groups.
- Ability to collaborate effectively with teams and stakeholders.
- Proficiency in Swahili and English; additional language skills are a bonus.
